

PHP CLIENT PORTAL

Easily manage all of your appellate needs in our new and improved Client Portal. To access our portal, visit us at: www.phpny.com.

SEARCH YOUR CASES BOTH PAST AND PRESENT

On the Cases tab, you will be able to search for cases using the case number, docket number, or court in which the case was filed and view a list of cases and documents that you have previously filed with us.

UPLOAD LARGE FILES INSTANTLY

Submitting pdf files of your record or appendix via our web portal avoids the typical downtime associated with emailing large files from your computer. Our upload tool has no size restrictions, allowing your large files to be delivered instantly to our paralegals or appellate consultants.

SUBMIT YOUR REQUEST FOR FILES

Submit requests for the files you need. The PHP staff member assigned to your case will respnd to you as soon as possible .

TRACK THE STATUS OF ALL YOUR DOCUMENTS

On our online portal you can track real-time service and filing status of your appeals. Our “Track a Package” feature is not limited to the service and filing of your appeal, but also tracks the pick-up or delivery of any document, proof or client copy.

VIEW THE DATE, TIME AND POSITION OF FUTURE ORAL ARGUMENTS

We are always watching over your appeal. With PHP in-house Oral Argument Tracking Tool, you can view your oral argument dates directly through our client portal. Track the date, time and location of your oral argument as well as your position on the calendar.

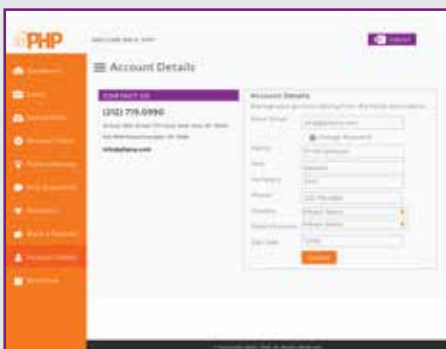

VIEW ALL OF YOUR APPELLATE DECISIONS

PHP tracks all of your Appellate Division, First, Second, Third and Fourth Department decisions. Decisions can be viewed or downloaded directly from our portal.

PAY AND VIEW YOUR INVOICES

To provide an easy and efficient means of handling your invoicing needs, PHP’s portal lets you manage invoices online. You will receive invoice notifications via email, which allows you to log onto the portal where you can print, pay and view your invoices.

MANAGE YOUR ACCOUNT DETAILS

Easily manage all of your personal account settings. This feature allows you to easily update account information on your terms.

*RED FLAG NOTIFICATIONS

Red flag notifications that will appear whenever new documents are added to your account by a PHP staff member.

*SERVICE & FILING NOTIFICATIONS

Every evening PHP’s web portal will automatically notify you regarding the service and filing of your appellate matters.
